

Bold Thinking. Smart Growth.

Dear ISAers,

As I was sitting in the Charlotte airport on my way to Camelback, I received notice that the World Health Organization officially declared the Coronavirus a global pandemic. As you know ISA has done everything we could do to make this Retreat happen. Approximately 20 minutes ago, the decision was made to cancel the Annual Business Retreat. I will miss seeing you, but we are not done yet!

While I do not have the details, I will be working on a virtual version of an Annual Business Retreat, delivered over a period of weeks with a speaker or breakout sessions scheduled in a timely manner. More information on this approach will be forthcoming. I have said this on a number of occasions, ISA will deliver everything promised for this program year; and in this case, through whatever venue is most appropriate.

Thank you for your continued support. I will need a few weeks to catch my breath and take care of details. Please take care of yourself, stay in touch. On behalf of the 2020 ABR planning team, ISA's Board of Directors and your ISA staff - thank you for all you do for ISA.

Pam
